

# URAL

# URAL cT

The cT is the perfect Ural for sidecar-rookies. It is lower and lighter than other Ural models which means it can take corners in its stride. It is fitted with 18-inch-wheels with the best street tyres for Ural sidecars, the Heidenau K28 profile. All in all an ideal sidecar for daily use, for weekend forays, or even for supermarket shopping. cT, as in "City Touring".

## Colours

Black (metallic)  
Terracotta (gloss)  
Azur (matt)

Image shows non standard accessories for this model.

# URAL T TWD

The basic Ural. Great price due to the fact that non essentials have been removed whilst keeping the distinctive Ural features. So back to basics; no pillion seat, no sparewheel, no protectors, no windshields, BUT equipped with sidecar wheel drive, reverse gear, and both electric and kick start.

## Colours

Black (matt)  
Olive (matt)  
Terracotta (metallic)

## Colours

Black with double white pinstripes  
Cherry red  
Tundra metallic

# URAL Ranger

The RANGER has selectable non differential sidecar drive and unrivalled off road ability. Standard features include search light, jerry can, and shovel. There is no chrome and no shine; it is available as "FOREST CAMO" in green-brown camouflage design, as „URBAN CAMO" in a subtle white-grey camouflage or in a defused and simple asphalt grey shade. The Ural RANGER – perfect for the desert, deep forests and wilderness.
